Professional Summary

Frontend Developer with internship experience in AI Automation, Shopify Theme Development, Quality Assurance (QA), and WordPress, along with hands-on experience building React.js applications.

Hands-on experience in Shopify theme customization, Studio Automation workflows, WordPress blog management, frontend development, and testing responsive web applications. Developed multiple real-world projects including **CareerLaunch**, an AI-powered career platform with resume analysis and job matching features.

Passionate about building scalable, responsive, and user-centric web applications while continuously learning modern frontend technologies and full-stack development.

Experience

Virtual Solutions India

AI & Automation Intern

Apr. 2026 – Jul. 2026

Hybrid / Remote

- Performed **Quality Assurance (QA)** testing for Shopify themes by identifying UI, responsiveness, functionality, and cross-browser compatibility issues.
- Learned **Shopify Theme Development**, including Liquid templating, theme customization, debugging, and frontend implementation best practices.
- Designed and implemented workflow automations using **Studio Automation** to improve internal business processes and operational efficiency.
- Created, formatted, and managed **WordPress** blog content while gaining hands-on experience with website content management and publishing workflows.
- Learned **React.js** and contributed to frontend development by building reusable UI components, improving application interfaces, and following modern development practices.
- Collaborated with mentors and team members in an Agile environment while strengthening problem-solving, communication, and software development skills.

The Entrepreneurship Network (Limitless Technologies LLP)

Frontend Developer Intern

Dec. 2025 – Mar. 2026

Remote

- Developed responsive web interfaces using **HTML5, CSS3, and JavaScript**, ensuring compatibility across desktop and mobile devices.
- Built interactive user interfaces with clean, maintainable code while following modern frontend development practices.
- Worked independently on assigned frontend tasks and collaborated remotely to deliver project milestones on time.
- Enhanced website responsiveness, usability, and overall user experience through continuous UI improvements and testing.
- Received a **Letter of Recommendation** from the Director for outstanding performance, dedication, and technical contributions throughout the internship.

Projects

CareerLaunch – AI Powered Career Platform | *React.js, HTML5, CSS3, JavaScript*

2026

- Developed a modern career platform that enables students to discover internships and job opportunities through a clean and responsive interface.
- Built an **AI Resume Analyzer** that compares resumes with job descriptions and generates compatibility scores with personalized improvement suggestions.
- Implemented reusable React components and React Router to develop multiple pages including Home, About, Contact, Help Center, Privacy Policy, and Terms & Conditions.
- Focused on responsive design, reusable component architecture, accessibility, and an intuitive user experience across desktop, tablet, and mobile devices.
- [Live Demo](#)

- Developed a real-time facial emotion recognition web application using webcam input and Face API.
- Implemented emotion detection to analyze facial expressions and display mood predictions instantly.
- Designed a responsive and user-friendly interface to provide a smooth user experience across different devices.
- [Live Demo](#)

Education

Aryabhatta International College of Technical Research and Education <i>Bachelor of Computer Applications (BCA)</i>	2023 – 2026 Ajmer, Rajasthan
Kendriya Vidyalaya No. 1 <i>Senior Secondary (Class XII)</i>	2022 – 2023 Ajmer, Rajasthan

Certifications

AI & Automation Internship Certificate	<i>Virtual Solutions India</i> Jul. 2026
Frontend Developer Internship Certificate	<i>The Entrepreneurship Network</i> Apr. 2026
Web Design & Development in PHP	<i>Jul. 2023</i>
RSCIT (Rajasthan State Certificate in Information Technology)	<i>2023</i>
Tally ERP 9 – Accounting & Financial Management	<i>2025</i>
